

VitalStim Therapy and Beyond: DINES SPECIALTY CERTIFICATE

(Dynamic Integration of NMES and Exercise for Swallowing)

Over the last few years we've seen many new developments in the field of NMES for dysphagia: it is our mission to make sure you have the competencies to grow along with it. Our revamped VitalStim Course will train you in the VitalStim Therapy approach and the new expanded DINES approach. This Specialty Certificate course is even better than before! *(If that's even possible!!!)*

- Become a VitalStim Provider!
- Become a DINES Provider!
- Enhance your marketability as a therapist!
- Gain a competitive edge among other therapists!
- Prepare for the NDC national accreditation exam!

Successful course completion of the pre-requisite online **MBS: The Clear Picture** and the 2-day **VitalStim® Therapy Specialty** will certify the participant to utilize VitalStim technology in the treatment of dysphagia.

VitalStim Renewal

Renew your specialty certificate every three years to ensure ongoing standards of safety, protocol, and efficacy. Therapists who become a provider or renewed within the last three years will be listed on the VitalStim Registry along with their facility.

Receive an up-to-date manual

Renew online (8.5 hrs) or at a live course (16.0 hrs)

VitalStim Registry (Requires Renewal if certified more than three years ago.)

Lists providers who are current (within the last three years) in safety, efficacy, and protocols.

Place for patient families to find current and qualified VitalStim Providers and facilities VitalStim.

Place for recruiters and quality assurance managers to validate Provider status.

Providers can choose to be not-visible on the Registry and still enjoy the benefits of renewing.

To Renew Go to:
